*Open Day
&
Enrolment
2019*

A Tour of Our School

Your tour begins with a visit to our kitchen where pupils can enjoy one of our After-School Clubs, Cookery.

In Presentation Primary School we have a keen interest in technology. Pupils can enjoy the benefit of working on our full set of laptops. We also have an Interactive Whiteboard in each classroom.

As you visit the senior classrooms you will see some of these resources in action.

Your first stop having come back downstairs is to visit our two pre-schools, Clever Clogs and Busy Bees.

Music is very important to us here in the Presentation.

Pupils can learn to play the tin whistle or join our Traditional Music Group.

Each pupil also will have the experience of being on stage as part of our Christmas Concerts.

Our Junior Infant Classroom is one of fun and learning. Children here learn through play, rhyme and group-work.

Our initial focus is on relationship building, language development and social skill development.

Our Choir

In our other infant room you will see our Aistear programme set up. The Aistear programme uses role-play and groupwork to develop children's language and social skills.

The final stop is at our Library. Pupils can enjoy reading a wide variety of books in this bright and peaceful setting.

After School Activities

- Homework Club
- Music Lessons
- Speech & Drama
- Cookery
- Basketball
- Camogie & Football
- Traditional Music Group
- Choir
